

Portfolio Rubric

EDU 241: Educational Technology

Student Name:

Directions: When adding a new tech-based tool to your portfolios, use the following rubric/info-to-include as your guide:

A. Whenever possible, **use the tool to describe the tool** (i.e. use presentation software of your choice -- i.e. Prezi -- to describe and create an example of Prezi and utilizing the software well/stretching its capacities and demonstrating your understanding and skill with the app). When you *cannot* use the app or website to describe the app, then consider screen shots as a way to represent it. **(5 pts.)**

B. Write **at least two “pros” or positive features** of the tool and teachers’ use of it/its potential in your future setting **(5 pts.)**

C. Write **at least two “cons” or negative aspects** about that tool and its application to your future K-12 setting **(5 pts.)**

D. Write about **ways you envision using this app/tool in your future contexts**. If you’re not exactly sure what kind of teaching you want to do, then speak more generally about the use of the app for teachers **(5 pts.)**

E. Also include: **correct grammar and spelling/mechanics**, make it **visually appealing**; upload to your website with a **link that works** **(5 pts)**

Total points and rationale: ____/25
